TO: EXECUTIVE DIRECTORS

SUBJECT: EXPANDED ACCESS TO PRIMARY CARE (EAPC) PROGRAM
REDISTRIBUTION OF UNEXPENDED FUNDS FROM FISCAL
YEAR (FY) 2005-2006

The purpose of this letter is to advise EAPC program corporations of the redistribution of unexpended funds from FY 2005-2006.

Background The Primary and Rural Health Care Systems Branch (PRHCSB) has identified \$1,482,527 in unexpended EAPC Program funds for FY 2005-2006. These funds are being redistributed to eligible EAPC providers with “suspended” claims. Suspended claims are valid claims submitted for EAPC services provided that have been unpaid due to expenditure of the total clinic EAPC award for FY 2005-2006.

The redistribution is pursuant to Health and Safety (H & S) Code Section 124900 (d) (7) that states:

“The department shall develop, in consultation with clinics funded pursuant to this article, a formula for reallocation of unused funds to other participating clinics to reimburse for uncompensated care. The department shall allocate the unused funds to other participating clinics to reimburse for uncompensated care.”

Redistribution Phases Redistribution will be conducted in two phases. This will assure that EAPC does not overspend the allocation for FY 2005-2006.

- (1) Ninety percent (\$1,334,273) of redistribution funds will be allotted in the first phase, and
- (2) The remaining 10 percent (\$148,253), plus any unspent dollars from the first phase, will be allotted in the second phase.

Please refer to Enclosure A for each corporation's redistribution amount.

Eligibility To be eligible for a share of the unexpended funds, a corporation must have:

- (1) Fully expended its FY 2005-2006 award, and
 - (2) Valid suspended claims as reported by Electronic Data Systems (EDS) by September 30, 2006, for health services provided to EAPC patients from July 1, 2005 through June 30, 2006.
-

Redistribution Methodology Each eligible EAPC corporation's redistribution amount was calculated as follows:

- (1) In the "First Tier", the total amount of unexpended funds from FY 2005-2006 was divided by the total number of uncompensated care (UCC) visits as reported by each corporation to the PRHCSB as part of the application process for continued funding.
 - (2) In the "First Tier" each UCC was worth \$0.82.
 - (3) Each corporation's total number of UCC visits is multiplied by \$0.82. No corporation shall be paid more than the payment initially requested for its suspended claims; this is the maximum amount payable. Any amount in excess of the maximum amount payable is set aside for "Second Tier" redistribution.
 - (4) In the "Second Tier" each UCC was worth \$0.91.
 - (5) In the "Third Tier" each UCC was worth \$0.91.
 - (6) The above steps were repeated until all clinics were awarded funds in an amount that did not exceed the value of their payable suspended claims and until the total available amount was redistributed.
-

No Appeal This redistribution amount is final and cannot be appealed.
